

Notice and Consent of Communication via Text

Notice: Text messaging is not a secure form of communication. There is a risk that any individually identifiable health information and other sensitive or confidential information that may be contained in a text message may be misdirected or intercepted by unauthorized third parties. If you wish to use this form of communication, you may consent to receive text messages from the Department of Social and Health Services (DSHS) regarding your services. If you send a text message to a DSHS employee, we will understand that you have consented to this form of communication. This consent does not require the Department to communicate with you exclusively using text messaging.

Consent: Please read the following and sign below to acknowledge your consent to communication via text.

I understand and accept the risk of sending and receiving information from DSHS via text messaging and consent to use of this form of communication. I understand that I can withdraw my consent in writing at any time.
