This practice exam is designed to help you prepare for taking the language proficiency exam developed by the Office of Language Interpreter Services and Translations, LIST, in the Department of Social and Health Services.

In an effort to provide all interpreters taking the exam with the opportunity to practice, this sample oral test has been designed utilizing general terminology frequently used in the various divisions in a variety of situations.

Although the content of each section in this practice sample is different from that of the actual exam, its structure is similar, and it will give the candidate the familiarity necessary to ease into the transition of taking the "real" oral test.

# Oral Practice Exam 

Section One: Sight Translation

Part 1: English to Target Language

## Directions:

You will be allowed three minutes to complete this part of the oral test during the actual oral exam. Therefore, you should try to complete the following practice within three minutes. You may silently review the text before you begin your oral interpretation, but the review time should be part of the three minutes. If, when you are translating, you come to a word or phrase you don't know or have just blanked out on, give it in English and go on so that you don't waste much of your time on those words or phrases. Now, please orally translate the following text into the target language you will be testing for.

Information and referral may involve a single contact between the worker and the enrollee or may involve one or two additional contacts. However, if the number of contacts increase and there is evidence of a more intensive service need, there may be need for a different method of service delivery. Careful judgment is necessary on the worker's part to determine whether crisis intervention or case management services are necessary. Assessing the boundaries between these professional activities is part of the trained judgment the worker brings to the relationship.

## Section Two: Consecutive Interpretation Exercise

## Directions:

Following is a consecutive interpretation exercise. The audio exercise contains a pre-recorded conversation between an English and a non-English speaking persons. While listening to the recording, you are to assume the role of an interpreter for both speakers. The recording has builtin pauses. The pauses are your time to interpret. There is a "beep" after each speaker. Once you hear the "beep", you may start interpreting.

You can take notes to help you recall what is being said. Allow yourself only two repeats (2 segments between pauses) during the entire exercise. If you miss anything after you have used up your two repeats, don't stop the recording. Instead, try to keep pace with the rest of the recording, and don't think about what you miss, concentrate on what is ahead.

Remember the basic ground rule, accuracy. Don't paraphrase, don't add anything, and don't leave anything out.

If you think the above instructions are clear to you up to this point, go on with the consecutive interpreting practice exercise by clicking the link of Audio Practice Samples under Social Service Pre-test Study Packages for Certified Languages on the homepage, and then click on your language.

After you are done practicing the consecutive interpretation exercise, pause the audio player and read the directions for Section Three.

## Section Three: Simultaneous Interpretation

Directions:
Following the consecutive interpretation exercise are two recordings, both in the English language. If you want to record your own voice with a recorder, you will need to use a headphone or earphone to listen to the recordings. This way, the recorder will only pick up your voice but not the voice in the recordings.

Now, please continue with the simultaneous interpretation exercise.

## DO NOT GO ON TO THE NEXT PAGE UNTIL YOU FINISH LISTENING TO THE CONSECUTIVE AND SIMULTANEOUS EXERCISES.

# Section Three: Simultaneous Interpretation 

## Recording 1:

Напоминаем, что административное заседание по этому делу состоялось 10 февраля 1993 года под председательством Томаса Джейкоба Смита, старшего судьи по административному праву. Сегодня 16 февраля 1993 года. Мы опять ведем протокол судебного разбирательства по делу Джея Кэмпбелла. Господин Кэмпбелл, апеллянт, не присутствует в зале суда, однако Келли Роко, его адвокат согласно протокола суда, здесь присутствует, равно как и Эдвард Барос из Отдела по контролю за уплатой алиментов, представляюций интересы отдела социальных услуг и здравоохранения. Адвокат апеллянта хотел бы просить провести еще одно заседание по этому делу. Отдел социальных услуг и здравоохранения возражает против этого. Апеллянт представил на рассмотрение вопрос о необходимости сделать анализ крови для установления отцовства ребенка. В период зачатия ребенка господин Кэмпбелл находился в Германии, где было расквартировано его военное подразделение. После того как этот вопрос был обсужден с представителями управления тенерального прокурора, представляется, что с учетом обстоятельств дела, было бы меньше необходимости в осуществлении анализа крови. Мнение Отдела сводится к тому, нто даже если этот предполагаемый отец не является биологическим отдом ребенка, у нас по-прежнему остается нерешенным вопрос о его потенциальнои гражданской ответственности как приемного отца с правом на воспитание ребенка.

Be it remembered that an administrative forum was held in this matter on 10th day February of 1993 before Thomas Jacob Smith, Senior Administrative Law Judge. It is today the 16th of February of 1993. We are back on the record in the matter of Jay Campbell. It appears that Mr. Campbell, the appellant, is not present, but his attorney of record, Kelly Roco is, and on behalf of the department is Edward Baros of the Office of Support Enforcement. The appellant's attormey would like to request another continuance in this proceeding, and DSHS is objecting to that. The appellant presented the issue of a blood test being necessary to establish paternity of the child. Mr. Campbell was stationed in Germany during the time of conception. After discussion of this case with Attorney General's Office, it appears that, due to the circumstances, there would be less of a need for a blood test. The department's view is that, even if this presumptive father is not the natural father of the child, we still have outstanding his potential liability as a custodial step father.

Апеллянт - госпожа Луго - настоящим ходатайствует перед Апеллядионным Отделом о пересмотре началного решения, датированного 2 декабря 1992 года, и его аннулировании, чтобы тем самым позволить ей получить доступ к компенсируемым государством психотерапевтическим услугам доктора Мэри Бей, доктора гуманитарньхх наук, согласно положений программы для категорически нуждаюцихся в медицинской помоци. Начальное решение было ошибочным, поскольку оно подтверждает отказ властей щтата компенсировать доктора Бей за оказанные ею услуги, несмотря на то, что они были необходимы с медицинскои точки зрения, на основании того, у нее частная практика и ова проводила лечение паииента в своем собственном кабинете, а не в государственной клинике для душевнобольныхх. Это решение также несет за собох угрозу отрезать для нее единственныһ эффективный источник лечения посредством того, что апеллянту было ошибочно отказано в покрытии расходов за лечение по поводУ ее расстройства, связанного с раздвоением личности.

The Appellant, Ms. Lugo hereby petitions the Office of Appeals to review the Initial Decision dated December 2, 1992 and reverse it, hereby permitting her to obtain state-reimbursed psychological services from Dr. Mary Bay, Ph.D., under the Categorially Needy (C.N.) Medical Assistance Program. The Initial Decision is in error because it upholds the state's refusal to reimburse Dr. Bay for services, even though they are medically necessary, because she is a private practitioner providing the treatment in her own office rather than in a community mental health center. The decision also has the effect by threatening to cut off the only effective source of treatment she has, of erroneously denying the Appelant coverage for treatment of her Multiple Personality Disorder.
