Where is DDA located?
What complaints will DDA help me resolve?
The Developmental Disabilities Administration (DDA) will help resolve complaints about the services and staff providing services for you or a family member. Complaints are sent to the Case Resource Manager/Social Worker first, unless requested to be handled by someone else.

What to do if you have a complaint
1. Call your Case Resource Manager/Social Worker and tell them that you want to make a complaint.
2. If your Case Manager/Social Worker cannot help you within 10 business days, they will offer to have a supervisor assist.
3. If the supervisor is unable to resolve your concerns within 10 business days, they will ask if you want to make a formal complaint.
4. To make a formal complaint, the supervisor will help you contact the DDA Regional Administrator’s Office.

Nondiscrimination
It is DSHS’s policy that persons shall not be discriminated against (in employment or service) because of race, color, creed, religion, national origins, sexual orientation, age, gender, presence of any sensory, mental or physical disability, use of a trained dog guide or service animal by a person with a disability, or veteran status.

For more information, visit the DDA website at:
www.dshs.wa.gov/dda

Formal Complaint Process
1. When you call or send a written request to the DDA Regional Office, you will hear back from the person assigned to help you with your complaint.
2. If that person is unable to resolve your complaint within 10 business days, they will ask you if you want to have your complaint sent to DDA Headquarters for final resolution.
3. To send your complaint to DDA Headquarters, either the Region will forward the information to the Office of Quality Programs and Services, or you may call directly.
4. The Office of Quality Programs and Services will review the concerns, make a determination, and contact you with its final decision.

The Department of Social and Health Services encompasses several administrations bound by a single mission: to transform lives. To do that, the agency’s Developmental Disabilities Administration focuses on providing support and fostering partnerships that empower people to live the lives they want.
