

## DID YOU KNOW?

If Developmental Disabilities Administration determined you are not eligible, you may receive other supports through your Managed Care Organization or a community partner.

## APPLIED BEHAVIOR ANALYSIS SERVICES

ABA is available for children as well as adults over the age of 20.

- Step 1** Ensure the individual is enrolled or eligible for Apple Health.
- Step 2** A referral for an evaluation is required. Although a referral can be written by anyone (the individual, family member, primary care provider, licensed health care practitioner), a majority of Centers of Excellence require a referral from the individual's PCP.
- Step 3** [COE](#) completes the evaluation to determine eligibility for ABA treatment.

**NOTE:** Please contact your MCO directly to discuss program benefits. You can request an ABA case manager to assist in scheduling an evaluation with a COE and to help identify ABA providers enrolled in your plan. For questions about ABA services, please email [ABA@hca.wa.gov](mailto:ABA@hca.wa.gov).
