**A. The department may provide meals at certain types of meetings**

1. The division director, or authorized designee, may authorize reimbursement for allowable cost of meals for elected and appointed officials and state employees regardless of travel status or the eleven hour rule.

2. The department may pay for meals with meetings when the individual is required to attend and when ALL of the following conditions are met. The:
   a. Division director, or authorized designee, approves payments, in writing, using form 17-186 or memorandum with equivalent information at least three working days advance of the meeting and where attendance by agency employee(s), official(s) or others and reimbursement for the meals is advantageous to the state.
   b. Purpose of the meeting is to conduct official state business or to provide training to state employees or state officials.
   c. Meals are an integral part of the business meeting or training.
   d. Meeting or training session takes place away from the employee’s or official’s regular workplace.
e. Cost of the meal per person does not exceed the authorized daily meal per diem amount for the location in which the event takes place.

3. When determining what food and beverages to offer as meals with meetings, the organizer of the meeting will provide healthful options and consider the Recommended Food and Beverages provided by the Department of Health.

B. Meals provided at meetings held or sponsored by non-state organizations

The division director, or authorized designee, may approve reimbursement for the actual cost of a meal when the agency requires the employee to attend a meeting that is being held or sponsored by a non-state organization. The actual cost of the meal, as evidenced by a receipt, is eligible for reimbursement as long as the meal is an integral part of the meeting.

2. Receptions for new, existing, or retiring employees or state officials.

3. Use account code Sub Sub Object EA-A180 to process meals with meetings payment.
