Purpose: WAC 388-71-0876 When must long-term care workers who were working or hired during the COVID-19 public health emergency complete training including required specialty training? WAC 388-112A-0081 When must long-term care workers who were working or hired during COVID-19 public health emergency complete training including required specialty training? The Department of Social and Health Services (department) is requiring that Long-term Care Workers (LTCWs) complete training and certification by certain dates in response to the COVID-19 public health emergency. The department divided the group of LTCWs into cohorts based on the employee's date of hire or rehire. The rule requires each cohort to complete the requirements by deadlines in rule with the "oldest" LTCWs having the first deadline and then working through the groups chronologically. The department is extending the deadlines to allow more time to complete training and certification. This emergency rule supersedes the emergency rule filed as WSR 22-22-043.

EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: Long-term Care Workers hired or rehired during the COVID-19 public health emergency are required to complete certain training and certification requirements within specific deadlines. Stakeholders have reported that the number of workers in multiple cohorts still needing training and certification far exceeds the number that can be trained by the current deadline. This will result in LTCW's failing to complete the requirements in time and create risk to clients being able to access a qualified workers for provision of their personal care services. To prevent this, the Department is extending the training and certification deadlines.
