Purpose:

The purpose of the WAC changes in WAC 388-106-0300, WAC 388-106-0305, and WAC 388-106-0310 is to remove personal care, nurse delegation, personal emergency response systems (PERS), and community transition services under the COPES program in preparation for these services being offered in the new Community First Choice state plan program. This is in accordance with ESHB 2746, which mandated the department to refinance Medicaid personal care services under the community first choice option. The proposed WAC also adds a new COPES waiver service, the Wellness Education service. The purpose of the changes to WAC 388-106-0210 (2) is to clarify that when the Community First Choice program becomes available, individuals who are eligible for this program will not be eligible for the Medicaid personal care funded services. Financial eligibility rules are also clarified and corrected.
