

RULE-MAKING ORDER PERMANENT RULE ONLY

CR-103P (December 2017) (Implements RCW 34.05.360)

CODE REVISER USE ONLY

OFFICE OF THE CODE REVISER
STATE OF WASHINGTON
FILED

DATE: July 14, 2023

TIME: 11:23 AM

WSR 23-15-060

Agency: Department of Social and Health Services, Aging and Long-Term Support Administration- HCS

Effective date of rule:

Permanent Rules

- 31 days after filing.
 Other (specify) _____ (If less than 31 days after filing, a specific finding under RCW 34.05.380(3) is required and should be stated below)

Any other findings required by other provisions of law as precondition to adoption or effectiveness of rule?

- Yes No If Yes, explain:

Purpose: The Department of Social and Health Services amended WAC 388-106-1900 What definitions apply to Medicaid Alternative Care (MAC) and Tailored Support for Older Adults (TSOA) services? and 388-106-1915 What services may I receive in MAC and TSOA? The rules clarify definition language, add additional services which are included in the 1115 Medicaid Transformation Waiver Renewal, as well as adding clarifying, and updating language.

Citation of rules affected by this order:

New: None
Repealed: None
Amended: WAC 388-106-1900 and 388-106-1915
Suspended: None

Statutory authority for adoption: RCW 74.08.090 and 74.39A.030

Other authority: None

PERMANENT RULE (Including Expedited Rule Making)

Adopted under notice filed as WSR 23-09-026 on April 12, 2023 (date).

Describe any changes other than editing from proposed to adopted version: None – No comments were received during the public hearing process.

WAC 388-106-1900 What definitions apply to MAC and TSOA services? The following definitions apply to MAC and TSOA services:

"Care plan" means the plan developed by the department in GetCare that summarizes the services described in WAC 388-106-1915 that you chose to receive.

"Care receiver" means an adult age 55 and over who has been authorized for MAC or TSOA services.

"Caregiver" means a spouse, relative, or friend (age 18 and over) who has primary responsibility for the care or supervision of an adult who meets eligibility criteria and does not receive direct, public, or private payment such as a wage for the caregiving services they provide.

"Caregiver assistance services" are services that take the place of those typically performed by an unpaid caregiver in support of the care receiver's unmet needs for assistance with activities of daily living (ADLs) and instrumental activities of daily living (IADLs).

"Caregiver phases" means the phases a caregiver experiences as the needs of the care receiver change, which in turn changes the responsibilities and tasks of caregiving. The change in responsibilities and tasks impacts the relationship between the caregiver and the care receiver. There are five phases showing the change in relationship roles from primarily family member to primarily caregiver. The five phases are:

(1) Phase one - Acting as a relative/friend almost all of the time;

(2) Phase two - Acting most often as a relative/friend, but sometimes as a caretaker;

(3) Phase three - Acting equally as a relative/friend and as a caregiver;

(4) Phase four - Acting most often as a caregiver, but sometimes you are still a relative/friend; and

(5) Phase five - Acting as a caregiver almost all of the time.

"Family caregiver" means the same as "caregiver."

"GetCare" means a statewide web-based information system that includes a client management component that includes screening and assessment tools for use by area agencies on aging (AAA) and other aging and disability network partners.

"GetCare assessment" is a process during which the department gathers information for an individual without a caregiver in the following areas: Functional needs, diagnoses and conditions, behavior health supports, oral health, and nutritional health to assist the individual with choosing step three services.

"GetCare screening" is a process during which the department gathers information for an individual without a caregiver in order to determine risk scores. The information covers the following areas: Function needs, fall risk, availability of informal help, memory and decision-making issues, and emotional well-being. The risk scores are used to determine if the individual is referred for a full GetCare assessment.

"Health maintenance and therapies" are clinical or therapeutic services that assist the care receiver to remain in their home or the caregiver to remain in their caregiving role and provide high quality

care. Services are provided for the purpose of preventing further deterioration, improving, or maintaining current level of functioning.

"Identity discrepancy" means a negative psychological state that occurs when the activities and responsibilities that a caregiver assumes with regard to the care receiver are inconsistent with the caregiver's expectations or personal norms concerning these activities and responsibilities.

"MAC" means medicaid alternative care, which is a federally funded program authorized under section 1115 of the Social Security Act. It enables an array of person-centered services to be delivered to unpaid caregivers caring for a medicaid eligible person who lives in a private residence (such as their own home or a family member's home) and chooses to receive community-based services.

"Medicaid transformation ((demonstration)) project" refers to the authority granted to the state by the federal government under section 1115 of the Social Security Act. This ((waiver)) is a five year demonstration waiver to support health care systems prepare for and implement health reform and provide new targeted medicaid services to eligible individuals with significant needs. It includes MAC and TSOA programs.

"Personal assistance services" are supports involving the labor of another person to help the care receiver complete activities of daily living and instrumental activities of daily living that they are unable to perform independently. Services may be provided in the care receiver's home or to access community resources.

"RDAD" means reducing disability in Alzheimer's disease. This program is designed to improve the ability of the person with memory problems to complete activities of daily living while also helping caregivers provide assistance to the person.

"Service provider" means an agency or organization contracted with the department.

"Specialized medical equipment and supplies" are goods and supplies needed by the care receiver that are not covered under the medicaid state plan, medicare, or private insurance.

"TCARE" means tailored caregiver assessment and referral, which is an evidence-based caregiver coordination process designed to assist department assessors who work with family caregivers to support adults living with disabilities. TCARE is designed to tailor services to the unique needs of each caregiver to help reduce stress, depression, and burdens associated with caregiving. TCARE was developed by a research team at the University of Wisconsin-Milwaukee led by Dr. Rhonda Montgomery in collaboration with over 30 organizations serving family caregivers. The TCARE process is licensed for use by Tailored Care Enterprises, Inc.

"TCARE assessment" is a part of the TCARE process during which the department assessors gather responses to all of the TCARE screening questions and additional questions focused on both the caregiver's experience and the care receiver's situation, such as memory issues, behavioral needs, assistance needs with activities of daily living and instrumental activities of daily living, and diagnoses/conditions.

"TCARE screening" is a part of the TCARE process during which the department gathers information from the caregiver to determine scores and ranges for the caregiver's identity discrepancy, burdens, uplifts, and depression. The ranges are used to determine if the caregiver is referred for a full TCARE assessment.

"Training and education" are services and supports to help caregivers gain skills and knowledge to implement services and supports

needed by the care receiver to remain at home and skills needed by the caregiver to remain in their role.

"TSOA" means tailored supports for older adults, which is a federally-funded program approved under section 1115 of the Social Security Act. It enables the delivery of person-centered services to:

(1) Caregivers who care for an eligible person as defined in WAC 388-106-1910; and

(2) Eligible persons as defined in WAC 388-106-1910, without a caregiver.

AMENDATORY SECTION (Amending WSR 22-18-004, filed 8/25/22, effective 9/25/22)

WAC 388-106-1915 What services may I receive in MAC and TSOA?

MAC and TSOA services include the following three benefit levels referred to as steps in subsections (1) through (3) of this section. You and your family caregiver may receive services under any of the three steps depending upon your requests and needs identified in the screening process for step two and the assessment process for step three. Steps do not need to be used in order. For example, you may begin services at step two or three. In general, step one services are used by caregivers or care receivers requesting lesser supports than those using step three services.

(1) Step one: After the department obtains your demographics and approves your program eligibility, you may receive the following services:

(a) Information and referrals to family caregiver or community resources;

(b) A selection of the following services up to a one time limit of \$250:

(i) Training and education, which includes but is not limited to:

(A) Support groups;

(B) Group training;

(C) Caregiver coping and skill building training;

(D) Consultation on supported decision making;

(E) Caregiver training to meet the needs of the care receiver;

(F) Financial or legal consultation; and

(G) Health and wellness consultation;

(ii) Specialized medical equipment and supplies for the care receiver, which includes but is not limited to:

(A) Supplies;

(B) Specialized medical equipment, which includes durable medical equipment; and

(C) Assistive technology;

(iii) Caregiver assistance services, which includes but is not limited to short term respite to allow the caregiver to attend an educational event or training series; and

(iv) Health maintenance and therapy supports, which may include but are not limited to:

(A) Adult day health;

(B) RDAD and evidence based exercise programs;

(C) Health promotion and wellness services; and

(D) Counseling related to caregiving role.

(2) Step two: After the department obtains your demographics, approves your program eligibility, and completes a GetCare or TCARE screening, you may receive the following:

(a) Information and referrals to family caregiver or community resources;

(b) The following services up to an annual limit of \$500 minus any expenditures for step one services:

(i) Training and education, which includes but is not limited to:

(A) Support groups;

(B) Group training;

(C) Caregiver coping and skill building training;

(D) Consultation on supported decision making;

(E) Caregiver training to meet the needs of the care receiver;

(F) Financial or legal consultation; and

(G) Health and wellness consultation;

(ii) Specialized medical equipment and supplies for the care receiver, which includes but is not limited to:

(A) Supplies;

(B) Specialized medical equipment, which includes durable medical equipment;

(C) Assistive technology; and

(D) Personal emergency response system (PERS);

(iii) Caregiver assistance services, which include but are not limited to:

(A) Short-term respite and, if necessary, nurse delegation to allow the caregiver to attend an educational event or training series;

(B) Home delivered meals for the care receiver and caregiver;

(C) Minor home modifications and repairs to the care receiver's home;

(D) Home safety evaluation of the care receiver's home; and

(E) Transportation, (~~only in conjunction with the delivery of a service~~) in accordance with the assessment to facilitate access to waiver and other community services, activities, and resources as specified by the individualized care plan; and

(F) Bath aide;

(iv) Health maintenance and therapy supports, which include but are not limited to:

(A) Adult day health;

(B) RDAD and evidence based exercise programs;

(C) Health promotion and wellness services such as massage therapy and acupuncture therapy; and

(D) Counseling related to the caregiving role; and

(v) Personal assistance services for the TSOA without an unpaid caregiver, as described in WAC 388-106-1910 (e)(ii), which include but are not limited to:

(A) Adult day care;

(B) Transportation, (~~only in conjunction with the delivery of a service~~) in accordance with the assessment to facilitate access to waiver and other community services, activities, and resources as specified by the individualized care plan;

(C) Home delivered meals;

(D) Home safety evaluation of the care receiver's home; and

(E) Minor home modifications and repairs to the care receiver's home.

(3) Step three:

(a) For MAC and TSOA care receivers with caregivers:

(i) You may receive information and referrals to family caregiver or community resources.

(ii) After the department has obtained your demographics and approved your program eligibility, your caregiver must complete a TCARE assessment in order to access step three services. In order to qualify for a TCARE assessment, the TCARE screening must result in at least three medium scores or one high score for the TCARE measures described in WAC 388-106-1932. TCARE uses an evidence-based algorithm to identify a primary goal based on your caregiver's answers to the TCARE assessment questions. The department will assist you to develop an individualized care plan containing the services chosen by you and your caregiver up to the limits established in WAC 388-106-1920.

(iii) The table below lists the available step three services. The Xs in the table indicate the services that may be recommended by the TCARE strategies, defined in WAC 388-106-1930, from your caregiver's assessment. You may request services in this step that the TCARE assessment does not list as a recommendation.

Services	Strategies				
	A	B	C	D	E
<i>Training and education</i>					
Group training		X			
Caregiver coping and skill building training	X	X	X	X	
Consultation on supported decision making	X	X	X		
Caregiver training to meet needs of care receiver	X	X	X

Minor home modifications and repairs		X			
Housework/errands and yard work		X			
In-home respite, including a bath aide		X			
OT/PT evaluation	X	X		X	
Home safety evaluation		X			
Out-of-home respite		X			
Transportation		X			
<u>Pest eradication services</u>		X			
<u>Specialized deep cleaning services</u>		X			
<u>Nurse delegation, in conjunction with respite care</u>		X			
<i>Health maintenance and therapy supports</i>					
Adult day health		X			
RDAD and evidence based exercise programs		X		X	
Health promotion and wellness services such as acupuncture and massage therapy				X	X
Counseling related to the caregiver role	X		X	X	

(b) For TSOA care receivers who do not have an available caregiver:

(i) You may receive information and referrals to community resources.

(ii) After the department has obtained your demographics and approved your program eligibility, you must complete a GetCare assessment in order to access step three services. In order to qualify for a GetCare assessment, the GetCare screening must result in a risk score of moderate or high as described in WAC 388-106-1933. The department will assist you to develop an individualized care plan that includes the services you have chosen up to the limits established in WAC 388-106-1920.

(iii) The services available include any step one and step two services noted in subsections (1) and (2) of this section (except for respite) and the following (~~personal assistance services~~):

(A) Personal (~~care~~) assistance services which include:

(a) Personal care;

~~((B))~~ (b) Nurse delegation; and

~~((C))~~ (c) Housework/errands and yard work((~~-~~));

(B) Pest eradication services;

(C) Specialized deep cleaning; and

(D) Community choice guide services.
